## Special article / 5<sup>th</sup> of the 10 Best Medical Tour course

### See how you get beauty

We offer systematic skin treatment in a method suited to your body. After receiving our service, there would be no reason left for you to envy movie stars.

#### PicoSure Laser

Picosecond pulse width is 100times shorter than nanosecond technology, enabling unmatched photomechanical impact for better clearance with fewer treatments and less fluence. Therefore, Picosure laser is not only capable of providing rapid and safe treatment of deep spots and bruises, but they also reduce the frequency of treatments.

#### Non surgical treatment, Art therapy

Art therapy is non-surgical treatment for patients who have fear of cosmetic surgery using the high frequency machine and high intensity. It is a technique that reduce bone covering tissue or create new cell tissue to calibrate the face type without external surgery.

#### Non surgical aesthetic blepharoplasty with PLEXR

PLEXR has a wide range of therapeutic uses, being able to treat a number of imperfections without any actual cutting of the skin. It induces to sublimate the layer of skin by supplying plazma energy and then makes collagen and elastic on the skin rejuvenate.
